SPORTS SURFACES

quality • integrity • service

quality • versatility • durability

World Class Athletic Surfaces are designed to provide the playability, durability and aesthetics to meet your highest performance requirements. World Class met those standards for these award-winning tennis courts.

Outdoor Tennis Facility of the Year—2006

Awarded by the American Sports Builders Assoc. In Recognition of Excellence in Design and Construction
Columbine Country Club, Littleton, Colorado

One of the Outstanding Facilities in the Nation

Awarded by the USTA — 2008
Gates Tennis Center, Denver, Colorado

To play your best, you need to play on the best.

- Comprised of the highest quality 100% acrylic resins and pigments available
- Attractive, long-lasting, rich, vivid in-depth color
- Provides versatility in playing speed from slow to fast
- Proven durability in all environments across the U.S.
- Only environmentally-friendly materials are used
- Can be applied over a variety of substrates from concrete to asphalt and cushioned systems
